

500WS IN THE PUB

11 FEBRUARY 2020 • 6.30 PM • ONO BERN (Kramgasse 6)

Join us for the International Day of Women in Science for an evening of science, games and free snacks! Grab a beer, relax and listen to two inspiring scientists talk about their research!

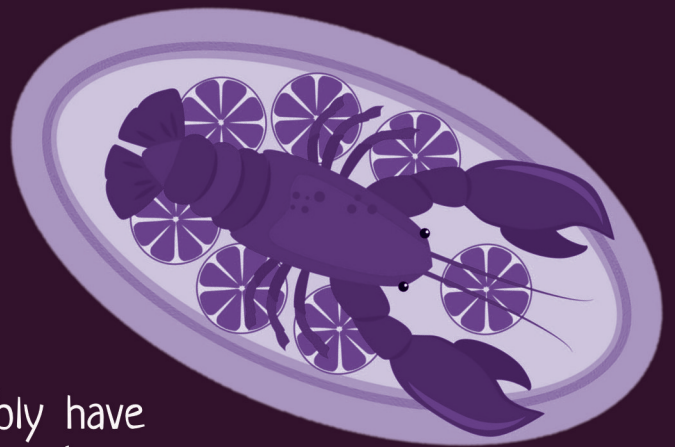

ANTS AND SOCIALLY EXCHANGED FLUIDS

Why do individuals exchange bodily fluids? Dr LeBoeuf will talk about the who, what and why of social fluids, especially those that allow the ants invading your kitchen to reach complex distributed decisions.

ARSENIC IN YOUR SEAFOOD

Are you a seafood lover? If so, you probably have arsenic in your body. WHAAAAAT?! Learn more about it from Dr Chávez-Capilla. Your worries will be gone ... or not.
